Strong financials

Founded in 1959, FCCI Insurance Group (FCCI) is a group of financially sound, conservatively invested, middle market property & casualty insurance companies. In 2011, FCCI recorded \$472.7 million in direct written premiums and maintained an investment portfolio exceeding \$1.3 billion. FCCI's equity based on generally accepted accounting principles, an important indicator of financial health, was \$589.2 million. FCCI's financial strength means we provide a stable choice for customers who want the best value from their insurance program.

Industry experts

FCCI employs first-rate professionals, many of whom have built their careers in the property & casualty industry. FCCI expertise makes a difference when you are dealing with complex insurance matters that demand an expert's attention. Whether you are working with an FCCI claim adjuster, loss control consultant, customer service representative or billing coordinator, you can be sure that your business is being handled by a capable professional who cares.

Mutual structure

At FCCI, we believe our mutual structure serves our customers best. Unlike a public company that makes decisions based on stock exchange prices, FCCI's mutual holding company structure allows business decisions to be made on a long-term basis, drawing feedback from our customers and more than five decades of industry experience.

FCCI is rated A- (Excellent) by A.M. Best. For the latest rating, please visit www.ambest.com.

Our business is paying claims.

"Claims management is one of the main keys to controlling cost. FCCI claims professionals possess a depth of knowledge and expertise not always found in the marketplace. Whether dealing with attorneys or employees, their expertise translates to reduced claim cost and reduced premiums in the long run. This experience is what I sell my customers."

Partnership focus

FCCI partners with select independent agencies who share our commitment to excellence and customer service. FCCI listens to our independent agents and makes decisions that make sense for our customers. Over the years, FCCI has expanded our geography and product line to accommodate our growing customer base. Today, FCCI insures more than 17,000 policyholders and nearly 8,000 bonded principals in 15 states. By partnering together, your independent insurance agent and FCCI can help your business proactively manage risk and lower your net cost of insurance.

“It is very reassuring when one of our clients experiences a claim and they are insured with FCCI. I know that they will get the assistance they need at the very time they need it!”

Local presence

FCCI is committed to maintaining a strong local presence in the regions we serve. We do this by employing the best claim adjusters, loss control consultants, medical case managers and others who live and work in the communities they serve, who understand the law in their respective jurisdictions, and who value the critical role that FCCI employees play in delivering our promise to the policyholder. FCCI believes our regional operational structure sets us apart from larger, more impersonal carriers who may be less knowledgeable about local matters.

Ethics and integrity

Since 1959, FCCI has established a pattern of “Doing what we say we’re going to do.” For more than 50 years, our commitment to doing the right thing has not changed. In fact, FCCI has built our reputation on it. Ethics and integrity have been and continue to be the foundation for everything we do.

It's SIMPLE.
